

Chromastics: The Evolution of Color on DVD

Our new Chromastics: The Evolution of Color DVD contains six videos that feature hair coloring expert Tom Dispenza demonstrating the following techniques:

- Demo 1: Highlighting & Lowlighting Technique

How to apply highlights and lowlights with results so natural, your clients will love you for it!

- Demo 2: Medium Chocolate Brown with Red Undertone

How to recolor to a medium chocolate brown that has a rich but subtle red undertone.

- Demo 3: Highlights

How to apply rich, light caramel brown highlights.

- Demo 4: Base-Break, Highlights, Lowlights, and Glaze

How to do a base-break, apply highlights and lowlights with a glaze.

- Demo 5: Regrowth, Highlights

How to deal with regrowth and add highlights.

- Demo 6: Highlight Touch-up

Demonstration of the proper way to touch-up highlights.

All videos are in high-resolution format for clarity of viewing.
